

Stars over the rainbow
When the sun's away, the clouds will play
The day rainbow came up
It made me feel happy

Sage:
When I woke up it was raining
I couldn't go outside

Kora:
When the rain came down upon me
Can't believe what I saw

Stars over the rainbow
When the sun's away, the clouds will play
The day rainbow came up
It made me feel happy

Sage:
When you're not feeling happy
And you want to cry

Kora:
Remember you won't be lonely
Just open up your eyes, you'll see the

Stars over the rainbow
When the sun's away, the clouds will play
The day rainbow came up
It made me feel happy
