

I Know You Know

[Verse 1]

The way you look at me when you think I'm not looking, tells me
Your heart's a sleeping giant worn out by someone you loved before me
I see you're scared unconvinced by what I've tried to say
That I am yours and that nothing will take me away

[Chorus]

You already know but I'll sing it again
I love you babe and nothing will take me away
I know that you know but I'll sing it again
I love you babe and nothing will take me away

[Verse 2]

The way you always call me with some question, and every time
Try to pretend you didn't call me just 'cause I was on your mind
Too soon for you to say out loud but I know
You love me and though we don't say it already shows

[Chorus (x2)]

You already know but I'll sing it again
I love you babe and nothing will take me away
I know that you know but I'll sing it again
I love you babe and nothing will take me away
You already know but I'll sing it again
I love you babe and nothing will take me away
You already know but I'll sing it again
I love you babe and nothing will take me away

[Bridge]

I wait for you to open up
But it's not a bore
You're just what I've been looking for
Why do you keep your head in the sand?
Whoever you loved before me that ran
Nothing like me
Nothing like me
Nothing like me

[Solos]

[Chorus]

You already know but I'll sing it again
I love you babe and nothing will take me away
I know that you know but I'll sing it again
I love you babe and nothing will take me away
You already know but I'll sing it again
I love you babe and nothing will take me away
I know that you know but I'll sing it again
I love you babe and nothing will take me away
