

Summer's Over

By Riley Britt

Verse I

Flowy dresses scattered around my floor
Rainbow sherbet with cousins I adore
Windows down, we listen to Taylor Swift
Colorado, where I feel summer's kiss

Chorus

**When I think of you, I think of the summer
Don't know what to do with any other
Used to share the view, but now you're gone
And the summer's over, summer's over**

Verse II

Glancing away from hanging out day to day
From months apart, now unengaged
Schedules compete, pulled in so many directions
Will our bond reunite?

Chorus

**When I think of you, I think of the summer
Don't know what to do with any other
Used to share the view, but now you're gone
And the summer's over, summer's over**

Verse III

Colorado coming again
I get to see my cousins again
Oh, summer, when I have so much fun
I can't believe it's hardly begun

Chorus

**When I think of you, I think of the summer
Don't know what to do with any other
Used to share the view, but now you're gone
And the summer's over, summer's over**
