

## **"Bad Dream" (Bb Gm Dm)**

(3 bars)

Cuz I've been up 4 nights  
Living like a low life  
I don't even know who I am anymore

Driving through the red lights  
Couldn't read ya stop signs  
Yelling at my face and ya, slamming the door

**We blamed it on our youth  
But it's all because of you  
We blamed it on our youth  
But it's all because of you**

**Cuz it's all starting to feel like a bad dream now  
And I can't wake up  
And I can't wake up  
Cuz it's all starting to feel like a bad dream now  
And I can't wake up  
And I can't wake up  
Cuz it's all starting to feel like...**

(8 bars with Keyboard Line)

I'm walking down a hallway  
Am I going the wrong way  
I don't even know who I am anymore

Cuz I've been running backwards  
I've been sleeping on a mattress  
In the middle of these 4 walls  
23 missed phone calls

**We blamed it on our youth  
But it's all because of you  
We blamed it on our youth  
But it's all because of you**

**Cuz it's all starting to feel like a bad dream now  
And I can't wake up  
And I can't wake up**

**Cuz it's all starting to feel like a bad dream now  
And I can't wake up  
And I can't wake up  
Cuz it's all starting to feel like...**

(8 bars with Keyboard Line)

**We blamed it on our youth  
But it's all because of you  
We blamed it on our youth  
But it's all because of you**
